### SUPPORT WITH THE NEW AFFORDABLE CHILD CARE BENEFIT

We now have parent-access computers! If you have parents wishing to apply online but need assistance getting set-up, or don't have a computer, send them our way. Child care arrangement forms can be uploaded through the parent portal as well. Please be sure you are not photocopying old forms. New ones are available [here](#). If you have any questions regarding the new program please feel free to call or email.

### UNDERSTANDING CHILDREN'S SOCIAL-EMOTIONAL DEVELOPMENT AND BEHAVIORAL CHALLENGES:

A New Lens for Supporting Resilience and Optimal Long Term Positive Outcomes

Bridging the knowledge gap between the fields of mental health, infant health, early intervention, education, and allied disciplines, Dr. Delahooke uses cutting edge neuroscience to provide a new lens in viewing and addressing behavioral challenges. Participants will discover how attuned relationships heal toxic stress and demonstrate the compelling argument that all providers can support children's social and emotional development.

Presented by Mona M. Delahooke, Ph.D. clinical psychologist with a passion for supporting children and families.
